The Infernal Sep 26 2019 A fierce, searing response to the chaos of the war on terror—an utterly original and blackly comic debut In the early years of the Iraq War, a severely burned boy appears on a remote rock formation in the Akkad Valley. A shadowy, powerful group within the U.S. government speculates: Who is he? Where did he come from? And, crucially, what does he know? In pursuit of that information, an interrogator is summoned from his prison cell, and a hideous and forgotten apparatus of torture, which extracts "perfect confessions," is retrieved from the vaults. Over the course of four days, a cavalcade of voices rises up from the Akkad boy, each one striving to tell his or her own story. Some of these voices are familiar: Osama bin Laden, L. Paul Bremer, Condoleezza Rice, Mark Zuckerberg. Others are less so. But each one has a role in the world shaped by the war on terror. Each wants to tell us: This is the world as it exists in our innermost selves. This is what has been and what might be. This is **The Infernal**.

Unbirthday Oct 20 2021 What if Wonderland was in peril and Alice was very, very late? Alice is different than other eighteen-year-old ladies in Kexford, which is perfectly fine with her. She'd rather spend golden afternoons with her trusty camera or in her aunt Vivian's lively salon, ignoring her sister's wishes that she stop all that "nonsense" and become a "respectable" member of society. Alice is happy to meander to Miss. Yao's teashop or to visit the children playing in the Square. She's also interested in learning more about the young lawyer she met there, but just because she's curious, of course, not because he was sweet and charming. But when Alice develops photographs she has recently taken about town, familiar faces of old suddenly appear in the place of her actual subjects—the Queen of Hearts, the Mad Hatter, the Caterpillar. There's something eerily off about them, even for Wonderland creatures. And as Alice develops a self-portrait, she finds the most disturbing image of all—a badly-injured dark-haired girl asking for Alice's help. Mary Ann. Returning to the place of nonsense from her childhood, Alice finds herself on a mission to stop the Queen of Hearts' tyrannical rule and to find her place in both worlds. But will she be able to do so . . . before the End of Time?

The Untold Tale Jun 23 2019 Forsyth Turn is not a hero. Lordling of Turn Hall and Lyse Chipping, yes. Spymaster for the king, certainly. But hero? That's his older brother's job, and Kintyre Turn is nothing if not legendary. However, when a raid on the kingdom's worst criminal results in the rescue of a bafflingly blunt woman, oddly named and even more oddly mannered, Forsyth finds his quaint, sedentary life is turned on its head. Dragged reluctantly into a quest he never expected, and fighting villains that even his brother has never managed to best, Forsyth is forced to confront his own self-shame and the demons that come with always being second-best. And, more than that, when he finally realizes where Lucy came from and why she's here, he'll be forced to question not only his place in the world, but the very meaning of his own existence. Smartly crafted, *The Untold Tale* gives agency to the unlikeliest of heroes: the silenced, the marginalized, and the overlooked. It asks what it really means to be a fan when the worlds you love don't resemble the world you live in, celebrates the power of the written word, challenges tropes, and shows us what happens when someone stands up and refuses to remain a secondary character in their own life.

Great Apes Dec 22 2021 Some people lost their sense of proportion, others their sense of scale, but Simon Dykes, a middle-aged, successful London painter, has lost his sense of perspective in a most disturbing fashion. After a night of routine, pedestrian debauchery, traipsing from toilet to toilet, and imbibing a host of narcotics on the way, Simon wakes up cuddled in his girlfriend's loving arms. Much to his dismay, however, his girlfriend has turned into a chimpanzee. To add insult to injury, the psychiatric crash team sent to deal with him as he flips his lid is also comprised of chimps. Indeed, the entire city is overrun by clever primates, who, when they are not jostling for position, grooming themselves, or mating some of the females, can be found driving Volvos, hanging out on street corners, and running the world. Nonetheless convinced that he is still a human, Simon is confined to the emergency psychiatric ward of Charing Cross Hospital, where he becomes the patient of Dr. Zack Busner, clinical psychologist, medical doctor, anti-psychiatrist, and former television personality—an expert at the height of his reign as alpha male. As Busner attempts to convince him that “everyone who is fully sentient in this world are chimpanzees,” Simon struggles with the horrifying delusion that he is

really a human trapped in a chimp ' s body. Written with the same brilliant satiric wit that has distinguished Self ' s earlier fiction, *Great Apes* is a hilarious, often disturbing, and absolutely original take on man ' s place in the evolutionary chain. In a strange and twisted tale that recalls Jonathan Swift and Franz Kafka ' s *Metamorphosis*, Will Self ' s comic genius is impossible to ignore.

[The Grace Year](#) Feb 09 2021 The Instant New York Times Bestseller! A speculative thriller in the vein of *The Handmaid ' s Tale* and *The Power*. Optioned by Universal and Elizabeth Banks to be a major motion picture! “ A visceral, darkly haunting fever dream of a novel and an absolute page-turner. Liggett ' s deeply suspenseful book brilliantly explores the high cost of a misogynistic world that denies women power and does it with a heart-in-your-throat, action-driven story that ' s equal parts horror-laden fairy tale, survival story, romance, and resistance manifesto. I couldn ' t stop reading. ” – Libba Bray, New York Times bestselling author *Survive the Year*. No one speaks of the grace year. It ' s forbidden. In Garner County, girls are told they have the power to lure grown men from their beds, to drive women mad with jealousy. They believe their very skin emits a powerful aphrodisiac, the potent essence of youth, of a girl on the edge of womanhood. That ' s why they ' re banished for their sixteenth year, to release their magic into the wild so they can return purified and ready for marriage. But not all of them will make it home alive. Sixteen-year-old Tierney James dreams of a better life—a society that

doesn't pit friend against friend or woman against woman, but as her own grace year draws near, she quickly realizes that it's not just the brutal elements they must fear. It's not even the poachers in the woods, men who are waiting for a chance to grab one of the girls in order to make a fortune on the black market. Their greatest threat may very well be each other. With sharp prose and gritty realism, *The Grace Year* examines the complex and sometimes twisted relationships between girls, the women they eventually become, and the difficult decisions they make in-between.

The Man Who Invented Motion Pictures Sep 06 2020 A “ spellbinding, thriller-like ” (Shelf Awareness) history about the invention of the motion picture and the mysterious, forgotten man behind it—detailing his life, work, disappearance, and legacy. The year is 1888, and Louis Le Prince is finally testing his “ taker ” or “ receiver ” device for his family on the front lawn. The device is meant to capture ten to twelve images per second on film, creating a reproduction of reality that can be replayed as many times as desired. In an otherwise separate and detached world, occurrences from one end of the globe could now be viewable with only a few days delay on the other side of the world. No human experience—from the most mundane to the most momentous—would need to be lost to history. In 1890, Le Prince was granted patents in four countries ahead of other inventors who were rushing to accomplish the same task. But just weeks before unveiling his invention to the world, he mysteriously disappeared and was never seen or heard from again. Three and half years later, Thomas Edison, Le Prince 's rival, made the device public, claiming to have invented it himself. And the man who had dedicated his life to preserving memories was himself lost to history—until now. *The Man Who Invented Motion Pictures* pulls back the curtain and presents a “ passionate, detailed defense of Louis Le Prince...unfurled with all the cliffhangers and red herrings of a scripted melodrama ” (The New York Times Book Review). This “ fascinating, informative, skillfully articulated narrative ” (Kirkus Reviews, starred review) presents the never-before-told history of the motion picture and sheds light on the unsolved mystery of Le Prince 's disappearance.

Kill the Next One Nov 08 2020 An audacious psychological thriller where nothing is what it seems. Ted McKay had it all: a beautiful wife, two daughters, a high-paying job. But after being diagnosed with a terminal brain tumor he finds himself with a gun to his temple, ready to pull the trigger. Then the doorbell rings. A stranger makes him a proposition: why not kill two deserving men before dying? The first target is a criminal, and the second is a man with terminal cancer who, like Ted, wants to die. After executing these kills, Ted will become someone else's next target, like a kind of suicidal daisy chain. Ted

understands the stranger's logic: it's easier for a victim's family to deal with a murder than with a suicide. However, as Ted commits the murders, the crime scenes strike him as odd. The targets know him by name and possess familiar mementos. Even more bizarrely, Ted recognizes locations and men he shouldn't know. As Ted's mind begins to crack, dark secrets from his past seep through the fissures. *Kill the Next One* is an immersive psychological thriller from an exciting new voice.

Greystone Secrets #3: The Messengers Sep 18 2021 In the dazzling conclusion to the Greystone Secrets series from New York Times bestselling author Margaret Peterson Haddix, the Greystones and their doubles, the Gustanos, must team up to save the alternate world—before both worlds are lost. All secrets are revealed in this page-turning, suspenseful story that shows the importance of teamwork, telling your story, and taking action when it matters most. As book three of the Greystone Secrets series opens, the Greystone kids have their mother back from the evil alternate world, and so does their friend Natalie. But no one believes the danger is past. Then mysterious coins begin falling from unexpected places. They are inscribed with codes that look just like what the Greystones' father was working on before he died. And with the right touch, those symbols transform into words: PLEASE LISTEN. And FIND US, SEE US, HELP US. . . . The coins are messengers, telling the Greystones and their allies that their friends in the alternate world are under attack—and that the cruel, mind-controlling forces are now invading the better world, too. After another spinning, sliding journey across worlds, the Greystone kids must solve mysteries that have haunted them since the beginning: what happened when the Gustanos were kidnapped, what created the alternate world, and how a group of mismatched kids can triumph once and for all against an evil force that seems to have total control.
