It leads to a violent conclusion, one that finds Recker working with the police by his side. Double Tap Recker and Jones go hunting to add a third

member to the team. After an exhaustive search, Jones has finally found the perfect candidate. Former CIA Operative Chris Haley has been out of the game for a couple of years, but jumps at the chance to jump back into things as the new Silencer. Or will they once again become a two man team with only Jones and Haley? Hollow Point Somebody is shooting police officers. After several killings, and no progress on finding the shooter by the police department, Recker is asked to lend a hand. and realize that everything is not as cut and dried as it seems. Once the supposed killer is finally found, Recker thinks he may have been played. He's not so sure that it wasn't a plant and the man was framed. All of which leads him to question, if it's someone else behind the shootings, who has the power and motivation to pull it off? And why? High Velocity There's a new criminal element in town and they state their arrival by knocking off a few of Vincent's men. Recker and the team get drawn into the middle of it and start investigating to learn the identity of the mystery player. Recker and Haley get a tip about a high-level meeting of the new crew in an abandoned building, but all is not what it seems. Instead of a meeting, they run into Malloy, who's also there to investigate, and an otherwise empty building. It turns out to be an ambush, and only two of the three will escape uninjured. perpetrators slip out from under their fingers to cause more chaos and destruction?

*Battlefield Ukraine* Feb 01 2020 Resources, money, miscommunication...these are the things that start wars. "Battlefield Ukraine" explores a potential war between NATO and Russia over the fate of separatist regions in east Ukraine. While President Petrov draws his line in the sand, a new American administration is sworn in. The Russians launch a massive disinformation campaign to taint the US election and distract America as they begin to move their forces to the

Ukrainian border. When Russia implements a no-fly zone over eastern Ukraine to prevent the US-backed Ukrainian government from putting down a civil war, things begin to escalate out of control.

American and NATO aircraft attempt to call Petrov's bluff and fly over the no-fly zone, but they are ambushed by an overwhelming show of force. In response to this aggression, the US sends additional military units to Europe.

President Petrov issues an ultimatum--the US and NATO must withdraw from Ukraine or be forcibly removed. Will the new American President back down, or will the world creep one step closer towards war? Find out in this first book of the new Red Storm Series.
