The Glass Castle Oct 09 2020 A triumphant tale of a young woman and her difficult childhood, The Glass Castle is a remarkable memoir of resilience, redemption, and a revelatory look into a family at once deeply dysfunctional and wonderfully vibrant. Jeannette Walls was the second of four children raised by anti-institutional parents in a household of extremes.

Zoom, Rocket, Zoom! Nov 09 2020 A rhythmical text about space vehicles and machines.

Dig Dig Digging Jan 24 2022 Trucks and tractors, fire engines and helicopters--they all like to work hard. *Let's Look At... Animals* Feb 10 2021 Let's look at animals! With beautiful artwork from best-selling author and illustrator Marion Deuchars, this book is the perfect introduction to animals.

Big Digger ABC Aug 31 2022 From the creators of the bestselling Dig Dig Digging comes the ultimate book of things that go! This bright and busy picture book is packed with all the vehicles little ones love, from diggers and fire engines to spaceships and underwater robots. Margaret Mayo's lively, rhythmic text is perfect for reading aloud, while Alex Ayliffe's bold and colourful illustrations bring each mega machine to life in glorious detail. With one vehicle for every letter from A to Z, this is an exciting introduction to the alphabet and the perfect picture book for machine-mad little ones.

The Devil's Engine: Hellraisers Jan 12 2021 When a sixteen-year-old troublemaker named Marlow Green is trapped in a surreal firefight against nightmarish creatures in the middle of his New York City neighborhood, he unwittingly finds himself amid a squad of secret soldiers dedicated to battling the legions of the devil himself. Powering this army of young misfits is an ancient machine from the darkest parts of history. Known as the devil's engine, it can make any wish come true-as long as you are willing to put your life on the line. Promised powers beyond belief, and facing monstrous apparitions straight out of the netherworld, Marlow must decide if he's going to submit to a demonic deal with the infernal machine that will enable him to join the crusade-if it doesn't kill him first. From the author of the Escape from Furnace series, here is the opening salvo in an explosive new horror trilogy about an ordinary American kid caught up in an invisible war against the very worst enemy imaginable.

Dig Dig Digging Nov 02 2022 Discover all your favourite vehicles in this busy book of things that go!

With fun rhyming text and bright, bold artwork, this bestselling book is jam-packed with diggers, tractors, rubbish trucks, fire engines, cranes and much, much more. This special gift edition features a tactile padded cover and sturdy card pages. The perfect gift for little vehicle fans!

Dinosaur Dig Apr 02 2020 Dinosaurs from one to ten use construction equipment to dig, shovel, roll, and scrape as they build a fun surprise.

ROAR! Feb 22 2022 Bold lions roaring, wrinkly elephants mud-wallowing, and stripy zebras fast-galloping are just a few of the wild animals captured in the rollicking rhymes of this enchanting picture book.

Game Engine Architecture, Third Edition Aug 19 2021 In this new and improved third edition of the highly popular Game Engine Architecture, Jason Gregory draws on his nearly two decades of experience at Midway, Electronic Arts and Naughty Dog to present both the theory and practice of game engine software development. In this book, the broad range of technologies and techniques used by AAA game studios are each explained in detail, and their roles within a real industrial-strength game engine are illustrated. New to the Third Edition This third edition offers the same comprehensive coverage of game engine architecture provided by previous editions, along with updated coverage of: computer and CPU hardware and memory caches, compiler optimizations, C++ language standardization, the IEEE-754 floating-point representation, 2D user interfaces, plus an entirely new chapter on hardware parallelism and concurrent programming. This book is intended to serve as an introductory text, but it also offers the experienced game programmer a useful perspective on aspects of game development technology with which they may not have deep experience. As always, copious references and citations are provided in this edition, making it an excellent jumping off point for those who wish to dig deeper into any particular aspect of the game development process. Key Features Covers both the theory and practice of game engine software development Examples are grounded in specific technologies, but discussion extends beyond any particular engine or API. Includes all mathematical background needed. Comprehensive text for beginners and also has content for senior engineers.

The Talent Code Nov 21 2021 What is the secret of talent? How do we unlock it? This groundbreaking work provides readers with tools they can use to maximize potential in themselves and others. Whether you're coaching soccer or teaching a child to play the piano, writing a novel or trying to improve your golf swing, this revolutionary book shows you how to grow talent by tapping into a newly discovered brain mechanism. Drawing on cutting-edge neurology and firsthand research gathered on journeys to nine of the world's talent hotbeds—from the baseball fields of the Caribbean to a classical-music academy in upstate New York—Coyle identifies the three key elements that will allow you to develop your gifts and optimize your performance in sports, art, music, math, or just about anything. • Deep Practice Everyone knows that practice is a key to success. What everyone doesn't know is that specific kinds of practice can increase skill up to ten times faster than conventional practice. • Ignition We all need a little motivation to get started. But what separates truly high achievers from the rest of the pack? A higher level of commitment—call it passion—born out of our deepest unconscious desires and triggered by certain primal cues. Understanding how these signals work can help you ignite passion and catalyze skill development. • Master Coaching What are the secrets of the world's most effective teachers, trainers, and coaches? Discover the four virtues that enable these “talent whisperers” to fuel passion, inspire deep

practice, and bring out the best in their students. These three elements work together within your brain to form myelin, a microscopic neural substance that adds vast amounts of speed and accuracy to your movements and thoughts. Scientists have discovered that myelin might just be the holy grail: the foundation of all forms of greatness, from Michelangelo's to Michael Jordan's. The good news about myelin is that it isn't fixed at birth; to the contrary, it grows, and like anything that grows, it can be cultivated and nourished. Combining revelatory analysis with illuminating examples of regular people who have achieved greatness, this book will not only change the way you think about talent, but equip you to reach your own highest potential.

Emergency! Jun 28 2022 Rescue vehicles race to help during a variety of emergencies.

Ready Player One Mar 02 2020 #1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. “Enchanting . . . Willy Wonka meets The Matrix.”—USA Today • “As one adventure leads expertly to the next, time simply evaporates.”—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he's jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he's beset by rivals who'll kill to take this prize. The race is on—and the only way to survive is to win. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club “Delightful . . . the grown-up's Harry Potter.”—HuffPost “An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart.”—CNN “A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader.”—Boston Globe “Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that's both hilarious and compassionate.”—NPR “[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own.”—iO9

Zoom, Rocket, Zoom! May 28 2022 Come on a fantastic adventure to the moon and deep into space! This exciting book is full of amazing astronauts and super space vehicles. Discover a different vehicle on each page, from rockets and moon buggies, to robot rovers, satellites and more. Let's Dig It! Mar 26 2022 Payloader Pete digs until he finds himself in such a large hole that he cannot get out of it. On board pages.

First Fairy Tales Jul 26 2019 Bursting with magic and mischief, adventures abound with this new collection of classic fairytales authored by bestselling author Margaret Mayo. Join favourite characters as they scale beanstalks, ride in carriages made of pumpkins, and eat poisoned apples ... Much-loved classics that feature in the collection include Cinderella, Jack and the Beanstalk and Rumpelstiltskin. These timeless tales are vivaciously retold by Margaret Mayo, who perfectly captures their enchantment. The highly illustrated edition features artwork by Helen Stephens, whose colourful sketches deliver the stories to their dramatic full potential.

Awesome Engines Oct 01 2022

Trashy Town Sep 19 2021 I dump it in I smash it down I drive around the trashy town Meet Mr. Gilly. He cleans up Trashy Town. He does it with a big smile and a big truck--which is sure to make him a hero with all the children in the neighborhood. David Clemesha and Andrea Zimmerman have created a rhythmic, repeatable refrain that will roll off the lips of every child. Dan Yaccarino's dynamic art puts the zip in Mr. Gilly's stride and adds style and charm to trash collection. 2000 Notable Children's Books (ALA)

Playing and Learning Outdoors Sep 07 2020 Fully updated to reflect the current status and understandings regarding outdoor provision within early childhood education frameworks across the UK, this new edition shows early years practitioners how to get the very best from outdoor play and learning

for the enjoyment, health and education of young children up to age seven. This invaluable resource gives sound practical guidance for providing: play with water, sand and other natural materials; experiences with plants, growing and living things; movement and physical play; construction, imaginative and creative play; and explorations into the locality and community just beyond your garden. This full-colour third edition has been further developed to act as a comprehensive source book of relevant materials, books and resources supporting the core ingredients of high-quality outdoor provision, while each chapter also includes extensive collections of children's picture books relating to the themes within each chapter. *Playing and Learning Outdoors* has become the essential practical guide to excellence in outdoor provision and pedagogy for all early years services. This lively, inspiring and accessible book will help every educator to develop truly successful and satisfying approach to learning through play outdoors for every child.

Emergency! May 16 2021 It's all go in this action-packed picture book. Discover a different emergency vehicle on each page, from fire engines and police cars to lifeboats, breakdown trucks, rescue helicopters and more. Chrysler Slant Six Engines Aug 07 2020 Now 60 years old, your Slant Six could probably use some freshening up. Slant Six engine expert Doug Dutra has produced this volume to walk you through every aspect of disassembly, evaluation, rebuild, and reassembly in an easy-to-read, step-by-step format. The book also covers modifications, showing how to squeeze the most out of your engine. The year 1960 was an important one in auto manufacturing; it was the year all of the Big Three unveiled entrants in a new class of car called the compact. Chrysler's offering, the Plymouth Valiant, was paired with its redesigned 6-cylinder engine entrant, the Slant Six, known by its nickname the "leaning tower of power." This engine powered the Valiants when they swept the top seven positions in the newly christened compact race that precluded the Daytona 500. With its legacy intact, Chrysler's Slant Six powered Mopar automobiles for decades to come in three displacement offerings (170, 198, 225). With millions of Slant Six engines built over the 30-plus years that the engine was produced, it's always a good idea to have this book handy, as you never know when the next "leaning tower of power" will find its way into your garage! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

Digging Up Bones! Famous Archaeology Discoveries - Archaeology for Kids - Children's Archaeology

Books Dec 11 2020 Get your shovel and let's dig up bones! This awesome archaeology book is a must-have for little scientists. The use of pictures and texts in this book encourage reading and understanding. There will definitely be important lessons that your child can take away from this educational resource. Grab a copy now!

Stuff You Should Know Jan 30 2020 From the duo behind the massively successful and award-winning podcast Stuff You Should Know comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started the podcast Stuff You Should Know back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making Stuff You Should Know one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with Stuff You Should Know. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

Stomp, Dinosaur, Stomp! Dec 23 2021 A rhythmic, read-aloud picture book. Perfect for little dinosaur fans! Mighty Tyrannosaurus loved stomp, stomp, stomping. Gigantic legs striding, enormous jaws opening... So stomp, Tyrannosaurus, stomp! Meet a different dinosaur on each page, in this bright, bold picture book. Just right for sharing together. Little ones will love looking at the colourful pictures and joining in with all the great sound and action words! From the creators of the bestselling Dig Dig Digging series.

Finding First Animals May 04 2020 There are over 100 animals to find in this bumper book of first animals! This lift-the-flap first words book introduces children to all kinds of animals, from those in the forest and jungle to pets found in the home.

Tip Tip Dig Dig Sep 27 2019 Describes how various earthmoving trucks clean up a dump and make a playground, discussing what such machines as diggers, mixers, bulldozers, and cranes can do.

American Icon Oct 21 2021 The inside story of the epic turnaround of Ford Motor Company under the leadership of CEO Alan Mulally. At the end of 2008, Ford Motor Company was just months away from running out of cash. With the auto industry careening toward ruin, Congress offered all three Detroit automakers a bailout. General Motors and Chrysler grabbed the taxpayer lifeline, but Ford decided to save itself. Under the leadership of charismatic CEO Alan Mulally, Ford had already put together a bold plan to unify its divided global operations, transform its lackluster product lineup, and overcome a dysfunctional culture of infighting, backstabbing, and excuses. It was an extraordinary risk, but it was the only way the Ford family—America's last great industrial dynasty—could hold on to their company. Mulally and his team pulled off one of the greatest comebacks in business history. As the rest of Detroit collapsed, Ford went from the brink of bankruptcy to being the most profitable automaker in the world. American Icon is the compelling, behind-the-scenes account of that epic turnaround. In one of the great management narratives of our time, Hoffman puts the reader inside the boardroom as Mulally uses his celebrated Business Plan Review meetings to drive change and force Ford to deal with the painful realities of the American auto industry. Hoffman was granted unprecedented access to Ford's top executives and top-secret company documents. He spent countless hours with Alan Mulally, Bill Ford, the Ford family, former executives, labor leaders, and company directors. In the bestselling tradition of Too Big to Fail and The Big Short, American Icon is narrative nonfiction at its vivid and colorful best.

Secret of the Green Engine Jul 18 2021 Thomas investigates what Luke, a small green engine, did in his past that causes him to hide at the quarry.

The Mom Test Jun 04 2020 The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she

loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little. As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right. Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

Holes Apr 14 2021 #1 NEW YORK TIMES BESTSELLER • NEWBERY MEDAL WINNER • NATIONAL BOOK AWARD WINNER Dig deep in this award-winning, modern classic that will remind readers that adventure is right around the corner--or just under your feet! Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. "A smart jigsaw puzzle of a novel." —New York Times *Includes a double bonus: an excerpt from *Small Steps*, the follow-up to *Holes*, as well as an excerpt from the New York Times bestseller *Fuzzy Mud*.

Dig! Mar 14 2021 Follows Mr. Rally and his dog, Lightning, as they travel the town on a big yellow digging machine, taking care of five important jobs.

Digging for Words Nov 29 2019 A gorgeous and inspiring picture book based on the life of José Alberto Gutiérrez, a garbage collector in Bogotá, Colombia who started a library with a single discarded book found on his route. In the city of Bogota, in the barrio of La Nueva Gloria, there live two Josés. One is a boy who dreams of Saturdays-- that's the day he gets to visit Paradise, the library. The second José is a garbage collector. From dusk until dawn, he scans the sidewalks as he drives, squinting in the dim light, searching household trash for hidden treasure . . . books! Some are stacked in neat piles, as if waiting for José?. Others take a bit more digging. Ever since he found his first book, *Anna Karenina*, years earlier, he's been collecting books--thick ones and thin ones, worn ones and almost new ones-- to add to the collection in his home. And on Saturdays, kids like little José run to the steps of Paradise to discover a world filled with books and wonder. With an evocative text by a debut author, and rich, stunning illustrations from an up-and-coming Colombian illustrator, here is a celebration of perseverance, community, and the power of books.

Emergency Dec 31 2019 Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. **I've started to look at the world through apocalypse eyes.** So begins Neil Strauss's harrowing new book: his first full-length work since the international bestseller *The Game*, and one of the most original-and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanes--and now of world financial meltdown--Strauss, like most of his generation, came to the sobering realization that, even in America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that's lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked *The Game*, *The Dirt*, and *How to Make Love Like a Porn Star*, *Emergency* traces Neil's white-knuckled journey through today's heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It's a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It's one man's story of a dangerous world--and how to stay alive in it. Before the next disaster strikes, you're going to want to read this book. And you'll want to do everything it suggests. Because tomorrow doesn't come with a guarantee...
