Dragon Storm May 04 2020 Born with a secret power he must hide... Telryn "Trip" Yert has always been a little odd, with hunches that are too accurate to explain. Magic is feared and forbidden in Iskandia, so he's struggled his whole life to hide his eccentricities. As a boy, he was forced to watch his mother's execution. Her crime? Witchcraft. Understandably, Trip wants nothing to do with the power that lurks within him, always threatening to reveal itself. Instead, he dedicates himself to serving as an officer in the king's army, to battling pirates and imperial conquerors. He longs to become a soldier as respected and renowned as the legendary General Zirkander. But his country is in need of more than a soldier. After disappearing for over a thousand years, dragons have returned to the world. A few of them are willing to be allies to mankind, as they were millennia before, but far more want to destroy or enslave humans and claim the world for themselves. There are few people left with the power to fight dragons. For reasons he doesn't understand, Trip may be one of those people. But if he chooses to learn more about his heritage and the power he can wield, he risks losing everyone he loves and everything he longs to be.

Hokusai's landscapes not only revolutionized Japanese printmaking but within a few decades of his death had become icons of world art as well. With stunning colour reproductions of works from the largest collection of Japanese prints outside Japan, this book examines the magnetic appeal of Hokusai's designs and the circumstances of their creation. The Book of Isle Jan 24 2022 Now in one volume, the entire epic series set in an ancient island sanctuary of gods and magic—from "the finest fantasy writer of this or any decade" (Marion Zimmer Bradley). Anne McCaffrey has praised Nancy Springer as "someone special in the fantasy field." Andre Norton agrees that "Ms. Springer's work is outstanding." Now the multiple award-winning author's classic five-part epic fantasy is presented in a single volume. In the grand tradition of J. R. R. Tolkien, the *Book of Isle* saga draws on Arthurian and Celtic legend to create a wholly original, imaginary world brimming with adventure, romance, evil, mythic quests, and vividly described locales. *The White Hart*: Long ago, mortals, immortals, and magical beasts lived together in a land encircled by vast oceans. Here, Ellid, a lady as fair as sunlight, falls in love with her rescuer, Bevan, the son of a High King and the goddess of the moon. Together with Cuin, Ellid's original intended and now friend to both, the three battle an ancient evil to rebuild a peaceful kingdom. *The Silver Sun*: The Forest is said to be the abode of warlocks, goblins, and, of course, thieves. But it is deep in these woods that Hal and Alan become blood brothers and form an alliance with Ket the Red, the fiery-haired leader of a band of outlaws, to overthrow a tyrannical king. In their quest to establish a peaceful realm, they will fulfill a prophecy found in the *Book of Suns*. *The Sable Moon*: Lured across the seas by a powerful warlock, young Prince Trevyn of Isle is captured and enslaved. But he must escape and return, for the unprotected Isle and his beloved Meg are now at the mercy of the evil Wael. *The Black Beast*: After his father murdered his true love, Prince Tirell, along with the aid of his younger brother, Frain the healer, seeks an army to defeat the unrepentant monarch. But a sinister presence is spreading its malevolence throughout the land—and the kingdom can never again be truly whole until the brothers confront the terrible scourge of the Black Beast. *The Golden Swan*: When Prince Dair

was a child and still in wolf form, he saw his future. It was prophesied that the changeling son of King Trevyn of Isle would travel far from his home, carrying his magic to the mainland. Now, his mystical union with a wanderer called Frain, who has the power to feel everything Dair feels but also suffers under the curse of a dark enchantment, will determine the fate of a troubled land.

Earthseed Feb 22 2022 A multiple Hugo and Nebula Award winner's powerful saga of survival and destiny in a near-future dystopian America. One of the world's most respected authors of science fiction imagines an apocalyptic near-future Earth where a remarkable young woman discovers that her destiny calls her to try and change the world around her. Octavia E. Butler's brilliant two-volume Earthseed saga offers a startling vision of an all-too-possible tomorrow, in which walls offer no protection from a civilization gone mad. *Parable of the Sower*: In the aftermath of worldwide ecological and economic apocalypse, minister's daughter Lauren Oya Olamina escapes the slaughter that claims the lives of her family and nearly every other member of their gated California community. Heading north with two young companions through an American wasteland, the courageous young woman faces dangers at every turn while spreading the word of a remarkable new religion that embraces survival and change. *Parable of the Talents*: Called to the new, hard truth of Earthseed, the small community of the dispossessed that now surrounds Lauren Olamina looks to her—their leader—for guidance. But when the evil that has grown out of the ashes of human society destroys all she has built, the prophet is forced to choose between preserving her faith or her family. The Earthseed novels cement Butler's reputation as "one of the finest voices in fiction—period" (TheWashington Post Book World). Stunningly prescient and breathtakingly relevant to our times, this dark vision of a future America is a masterwork of powerful speculation that ushers us into a broken, dangerously divided world of bigotry, social inequality, mob violence, and ultimately hope.
