Still Learning to Read Jun 26 2019 Foreword by Colby Sharp In the decade since the first edition of Still Learning to Read was published, the prevalence of testing and the Common Core State Standards have changed what is expected of both teachers and students. The new edition of Still Learning to Read focuses on the needs of students in grades 3-6 in all aspects of reading workshop, including reading workshop, read-aloud, classroom design, digital tools, fiction, nonfiction, and close reading. The book stays true to its original beliefs of slowing down and knowing our readers, but it also takes into account the sense of urgency that changing times and standards impose on classrooms. This edition examines current trends in literacy, includes a new section on intentional instructional planning, and provides expanded examples of mini-lessons and routines that promote deeper thinking about learning. It also includes a brand new chapter on scaffolding for reading nonfiction and showcases the authors' latest thinking on close reading and text complexity. Online videos provide glimpses into classrooms as students make book choices, work in small groups, and discuss their reading notebooks. Expanded and updated book lists, recommendations for digital tools, lesson cycles, and sections specifically written for school leaders round out this foundational resource.

How to Talk About Books You Haven't Read May 30 2022 In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre

Bayard argues that not having read a book need not be an impediment to having an interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of "non-reading"-from books that you've never heard of to books that you've read and forgotten-and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, *How to Talk About Books You Haven't Read*-which became a favorite of readers everywhere in the hardcover edition-is in the end a love letter to books, offering a whole new perspective on how we read and absorb them.

Stuff You Should Know Jun 18 2021 From the duo behind the massively successful and award-winning podcast *Stuff You Should Know* comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started the podcast *Stuff You Should Know* back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making *Stuff You Should Know* one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with *Stuff You Should Know*. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

Moms Don't Have Time To Sep 29 2019 JOIN AWARD-WINNING PODCASTER ZIBBY OWENS OF MOMS DON'T HAVE TIME TO READ BOOKS ON A JOURNEY FILLED WITH FOOD, EXERCISE, SEX, BOOKS, AND MORE. It's impossible to ignore how life has changed since COVID-19 spread across the world. People from all over quarantined and did their best to keep on going during the pandemic. Zibby Owens, host of the award-winning podcast *Moms Don't Have Time to Read Books* and a mother of four herself, wanted to do something to help people carry on and to give them something to focus on other than the horrors of their news feeds. So she launched an online magazine called *We Found Time*. Authors who had been on her podcast wrote original, brilliant essays for busy readers. Zibby organized these profound pieces into themes inspired by five things moms don't have time to do: eat, read, work out, breathe, and have sex. Now compiled as an anthology named *Moms Don't Have Time To*, these beautiful, original essays by dozens of bestselling and acclaimed authors speak to the ever-increasing demands on our time, especially during the quarantine, in a unique, literary way. Actress Evangeline Lilly writes about the importance and impact of film. Bestselling author Rene Denfeld focuses on her relationship with food after growing up homeless. Screenwriter and author Lea Carpenter and Suzanne Falter, author, speaker, and podcast host, focus on loss. New York Times bestselling authors Chris Bohjalian and Gretchen Rubin write about the importance of reading. Others write about working out, love and sex, eating and cooking, and more. Join Zibby on her journey through the winding road of quarantine and perhaps you, too, will find time.

Why I Read Apr 28 2022 "Wendy Lesser's extraordinary alertness, intelligence, and curiosity have made her one of America's most significant

cultural critics," writes Stephen Greenblatt. In *Why I Read*, Lesser draws on a lifetime of pleasure reading and decades of editing one of the most distinguished literary magazines in the country, *The Threepenny Review*, to describe her love of literature. As Lesser writes in her prologue, "Reading can result in boredom or transcendence, rage or enthusiasm, depression or hilarity, empathy or contempt, depending on who you are and what the book is and how your life is shaping up at the moment you encounter it." Here the reader will discover a definition of literature that is as broad as it is broad-minded. In addition to novels and stories, Lesser explores plays, poems, and essays along with mysteries, science fiction, and memoirs. As she examines these works from such perspectives as "Character and Plot," "Novelty," "Grandeur and Intimacy," and "Authority," *Why I Read* sparks an overwhelming desire to put aside quotidian tasks in favor of reading. Lesser's passion for this pursuit resonates on every page, whether she is discussing the book as a physical object or a particular work's influence. "Reading literature is a way of reaching back to something bigger and older and different," she writes. "It can give you the feeling that you belong to the past as well as the present, and it can help you realize that your present will someday be someone else's past. This may be disheartening, but it can also be strangely consoling at times." A book in the spirit of E. M. Forster's *Aspects of the Novel* and Elizabeth Hardwick's *A View of My Own*, *Why I Read* is iconoclastic, conversational, and full of insight. It will delight those who are already avid readers as well as neophytes in search of sheer literary fun.

Tales of Two Americas Aug 28 2019 Thirty-six major contemporary writers examine life in a deeply divided America—including Anthony Doerr, Ann Patchett, Roxane Gay, Rebecca Solnit, Hector Tobar, Joyce Carol Oates, Edwidge Danticat, Richard Russo, Eula Bliss, Karen Russell, and many more. America is broken. You don't need a fistful of statistics to know this. Visit any city, and evidence of our shattered social compact will present itself. From Appalachia to the Rust Belt and down to rural Texas, the gap between the wealthiest and the poorest stretches to unimaginable chasms. Whether the cause of this inequality is systemic injustice, the entrenchment of racism in our culture, the long war on drugs, or immigration policies, it endangers not only the American Dream but our very lives. In *Tales of Two Americas*, some of the literary world's most exciting writers look beyond numbers and wages to convey what it feels like to live in this divided nation. Their extraordinarily powerful stories, essays, and poems demonstrate how boundaries break down when experiences are shared, and that in sharing our stories we can help to alleviate a suffering that touches so many people.

Women Who Read Are Dangerous Sep 21 2021 An elegant survey of over seventy works of art featuring women reading throughout history. What is it about a woman reading that has captivated hundreds of artists over the centuries? Stefan Bollmann's *Women Who Read Are Dangerous* explores this popular subject in more than seventy artworks—drawings, paintings, photographs, and print—by iconic artists such as Henri Matisse, Edward Hopper, Suzanne Valadon, August Sander, Rembrandt, and many more. As the book's provocative title indicates, a woman reading was once viewed as radical. In chapters, such as "Intimate Moments" and "The Search for Oneself," Bollmann profiles how a woman with a book was once seen as idle or suspect and how women have gained autonomy through reading over the years. Bollmann offers intelligent and engaging commentary on each work of art in *Women Who Read Are Dangerous*, telling us who the subject is, her relationship to the artist, and even what she is reading. With works ranging from a 1333 Annunciation painting of the angel Gabriel speaking to the Virgin Mary, book in hand, to twentieth-century works, such as a stunning photograph of Marilyn Monroe reading *Ulysses*, this appealing survey provides a veritable slideshow of the many iterations of a woman and her book—a compelling subject to this day. An excellent gift for graduates, teachers, or Mother's Day, this elegant book should appeal to anyone interested in art, literature, or women's history.

The result is a sometimes shocking, always illuminating, and frequently hilarious look at where the battle line is drawn between the sexes, why it was drawn, and how to cross it. She'll take him on field trips worthy of any rom-com montage, and he'll take her to interview surviving members of a backwoods death cult (obviously). Everyone will finish a book and no one will fall in love. Really.

When I Was a Child I Read Books Aug 01 2022 Marilynne Robinson has built a sterling reputation as a writer of sharp, subtly moving prose, not only as a major American novelist, but also as a rigorous thinker and incisive essayist. In *When I Was a Child I Read Books* she returns to and expands upon the themes which have preoccupied her work with renewed vigor. In "Austerity as Ideology," she tackles the global debt crisis, and the charged political and social political climate in this country that makes finding a solution to our financial troubles so challenging. In "Open Thy Hand Wide" she searches out the deeply embedded role of generosity in Christian faith. And in "When I Was a Child," one of her most personal essays to date, an account of her childhood in Idaho becomes an exploration of individualism and the myth of the American West. Clear-eyed and forceful as ever, Robinson demonstrates once again why she is regarded as one of our essential writers.
