A Mercenary's Guide to the Rare Coin Market Apr 14 2021

A Guide Book of United States Type Coins Aug 26 2019 One popular way to collect U.S. coins is to acquire one example of every type. Bowers explores distinct coin designs to help you form your own "type coin" set from the 1790s onward, or perhaps a specialty subset.

Coin Collection Guide Aug 07 2020  Buy the Paperback version of this book and get the eBook version included for FREE  Are you looking to get into the so-called hobby of kings? There were times in history when collecting coins was reserved only for the highest echelons of society. Thankfully, we live in times in which anyone with an interest and a willingness to learn can get started with coin collecting, and showing you how to do that is what this book is all about. Although a lot of people don't pay that much attention to coins aside from seeing them as change which they use to pay for things, you can learn a lot by looking at a coin and certain individuals can even determine the history of a certain country by having just a couple of right coins. You may unknowingly have a valuable coin on your hands that many people would pay a handsome price for, but you may not exactly know how to evaluate it yet. By having the right information, you will be able to jump on opportunities that may be all around you. In this book you can expect to learn about: -How to get started

with collecting coins -How to take care of valuable coins so that they keep their value -Different kinds of coins -Getting best deals on coins -And much more! It's pretty easy to give coin collecting a try and to get started, and you never know, you may discover a hidden passion by just giving something a try. You never really know if you like something or not before you try it yourself. If you are ready to get started with the hobby of kings, then scrolling over to the BUY button and clicking it is the first step.

[A Guide Book of Modern United States Dollar Coins Apr 02 2020](#) Eisenhower, Susan B. Anthony, Sacagawea, Native American, and Presidential dollar coins are the modern versions of America's classic silver dollar. The U.S. Mint produces them by the millions, in innovative formats and with fascinating new designs every year. Hobbyists research their history, build visually appealing sets, compete in registries, and study errors and interesting the varieties. Author Q. David Bowers, the "Dean of American Numismatics," has visited each of the U.S. Mint's currently operating facilities and has interviewed their experts. He has gathered market analysis from specialist in each series, and to this research he adds more than 60 years of in-depth study of all aspects of American coin design, production, and distribution. This definitive reference book includes a study of earlier silver dollars (1794-1935); an overview of the American scene from 1971 to date, setting the coins in their historical context; and full coin-by-coin studies of Eisenhower, Anthony, Sacagawea, Native American, and Presidential dollars. Bowers augments this study with a richly illustrated catalog of modern dollar errors and a gallery of "what might have been"-proposed Native American dollar designs. The book's scholarly value is further strengthened by the author's notes, a selected bibliography, and a full index. Book jacket.

[Coin Collection For Beginners Jun 16 2021](#) Ever thought of becoming a coin collector and revel in the joy and thrill of engaging in a "treasure hunt?" Perhaps you want to have a beautiful collection to rest your eyes on in your home, akin to art, vintage stamps and historical artifacts, and maybe even make money out of it? If so, then here's where you need to be right now. You Are A Step Away From Discovering How To Master The Fine Art Of Coin Collection! As experienced collectors would tell you, there is something super satisfying about having a collection of intricately designed coins with glints of history written all over them gathered somewhere in your home. Others will go on and on about the invaluable process of collecting them and their limitless financial value. However, getting started with this kind of practice is not always the easiest of things for someone who's new to it. It can be frustrating, confusing and tiresome, and therefore defeat its main purpose. But that's why this book is here. Before I get into that, tell me something. Have you been wondering: What does it take to be a successful coin collector? How do you find exotic and valuable coins? Why do people collect coins in the first place? How do you get started proficiently and safely? If you have, then this book is all you need. It has all the answers to these and many more questions, and is specially designed to get anyone to enjoy and breeze through this beautiful process of collecting coins, and get started in no time- so keep reading! More precisely, you'll learn: How coin collection started, and why people have been doing it The types of coins you can collect How to improve your coin collection practice with some of the best tips How to perfect the art by learning the numismatic lingo How to handle, keep and take care of your collection safely How to assemble your coins for the highest value Where and how you can find coins How to catalogue your coin collection like a pro ...And much more! Did you know that back in 2013, a 1794 Flowing Hair silver dollar sold for \$10 million? That could have been you! If you ask me, this seems like one of the most lucrative hobbies that everyone should be doing, and this is your chance to start off a million miles ahead. Even if this is your first time in the world of coin collection, this book will break down the topic in simple language to ensure you have an easy time putting what you learn into action! The Coin Collector's Survival Manual, Revised Seventh Edition Dec 11 2020 Revised and Updated for the Gold Rush From one of the world's most knowledgeable coin dealers—a former consultant to the Federal Trade Commission who is often quoted by the Wall Street Journal—comes a thorough update of the most-trusted consumer protection handbook to buying and selling rare and valuable coins. Illustrated with black-and-white photographs and a full-color insert, The Coin Collector's Survival Manual, Seventh Edition is indispensable for seasoned collectors and novices alike. This substantially revised edition of the Coin Collector's Survival Manual includes revised chapters that focus on legal and financial advice for buying and selling coins, and a new chapter on the most secure way to detect coins that have been "doctored." You will learn how to: □ Avoid scams when buying and selling gold □ Understand the new coin grading system □ Detect altered, counterfeit, and doctored coins □ Know how high gold and silver coins will climb in value □ Buy coins through Internet auctions—and avoid the pitfalls □ Safeguard and protect your coins from disaster ABOUT THE AUTHOR: Scott Travers, former vice president of the American Numismatic Association, was called the "preeminent consumer advocate in the numismatic field" by The New York Times. He is a contributor to all the leading coin publications and served as a coin valuation consultant to the Federal Trade Commission. He has been featured as a coin expert in Barron's, Business Week, The WSJ, MSNBC and TODAY.
