The Kawasaki

Triples Bible Aug 19 2021

The Kawasaki Triples Bible covers the entire production of three cylinder two-strokes from 1967 to 1980, featuring a year by year breakdown of bike specs, including the KH250, 350 S2, KH400, H1 500 and H2 750 models. Illustrated with hundreds of archive photographs and period adverts, plus personal memories from some of the racers and tuners who got the best from the fearsome H1 500 and H2 750 machines of the 60s and 70s, this is an invaluable resource for any collector or

restorer of these fabulous motorcycles. With information provided by Kawasaki Museum, acknowledged experts such as Rick Brett and Dave Marsden, and lifelong Kawasaki triples owners, it defines the enduring appeal of the models. It also contains excellent tips on spares, tuning, rebuilds etc., and captures the very essence of what made the Kawasaki triples the most rebellious, kick-ass two-strokes of their time.

another lifetime ago, neither of them knew what horrors lay in wait, or that their coming together was just the beginning of an epic fight for survival. For them, and everyone else. Pale Moon is brought to you in two seasons of eight novella episodes each, telling Gerard and Zana's incredible story... two lost souls who must save each other, in order to save millions of lives. This is season 2, episode 12. Now back on Earth, Gerard and Zana are shaken by just how much things have changed. Forever one step behind, Coop begins to wonder how the ferals always seem to

know when to shift out. As Zana becomes the worm on the hook, the danger for her and the rest of humanity intensifies, as the feral's salvation plays his trump card. Read about Pale Moon, and the concept, at [rtgreen.net](http://rtgreen.net) A note from Richard - There are two seasons of Pale Moon, with eight novella-length episodes in each one. Each episode is somewhere either side of 25,000 words long, and to get the best from the series, they really should be read in order. Like a TV serial, they are chronological. Those of you familiar with the RTG brand know we're always up for

different! And for sure this is a slightly different style of storytelling. We hope Gerard and Zana's heart-stopping journey will keep you travelling with them to the end. Pale Moon is romantic suspense at its finest, with espionage and a little sci-fi blended together to bring you a story of courage, danger, and the power of true love. Enjoy!
